

GREEN WASTE INCLUDES:

- grass clippings
- leaves
- brush
- tree limbs
- Christmas trees (ornaments and lights removed)
- organic material produced in your yard or garden

- Green waste does NOT include food waste, treated wood or nursery pots.
- Do not place green waste by mailboxes, fire hydrants or storm drains.
- Do not place green waste in the homeowner(s) garbage or recycling carts.
- Loose materials such as grass clippings and leaves should be placed in bags and tied.
- Brush and tree limbs must be stacked in small piles (3 feet high and 3 feet wide).

GREEN WASTE COLLECTION DAYS

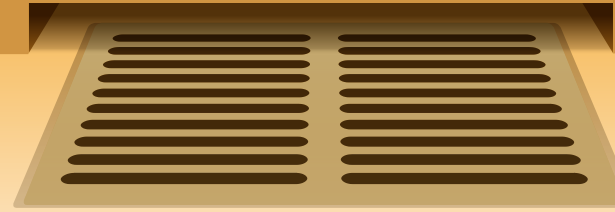

Green waste is not collected on the same day for all Sugar Land residents. Check the list of neighborhoods inside this brochure for the homeowner's scheduled collection day.

By City ordinance, it is a violation to leave green waste at the curb if it is not the evening before or the morning of the green waste collection day.

Per Chapter 3, Sec. 3-156 of the City's code of ordinances, up to ten cubic yards of green waste may be placed on the curb the evening before the homeowner(s) scheduled collection day.

Landscapers may place tree limbs out for collection if the tree limbs are:

- a. no longer than 4 feet in length with a diameter of 4 inches or less; or
- b. no longer than 2 feet in length with a diameter between 4 and 6 inches.

STORM DRAINS

Storm drains are designed to prevent flooding. Yard waste can cause blockages in the drainage system, which can lead to flooding. Please dispose of the yard waste properly.

By City ordinance, it is a violation to sweep or blow grass clippings, leaves and other yard waste into storm drains. Do not use leaf blowers to "sweep" grass and leaves into a storm drain.

For questions for comments, please contact the City of Sugar Land's 311 Contact Center by phone at 311 or 281-275-2900 or e-mail at 311@SugarLandTX.gov.
